

Run: 1827
Date: 12-06-23
Hare: Cunz n Goes
Venue: Perry Drive

There were 9 enthusiastic hashes in attendance, ready for some fun and adventure.

- Risking life and limb, we all made it down the treacherous driveway unscathed. Kudos to everyone for surviving the journey!

Run Report:

- Luckless gave the run report. Hashers had quite an adventure as some got lost, and the hills turned out to be real killers. We'll deduct 4 points for the challenging run, but the food afterwards earned a whopping 8 points.

General Business:

- Tonight, we celebrated Handy's remarkable achievement of completing 600 runs! Congratulations, Handy! You're awarded a well-deserved patch for your dedication.
- Attention, all hashers! We need your names for the setting of runs.....Tell Pharlap when you can set a run...
- Please fill out the online registration form for the Invitation Run in November on the website. Let's make sure all the locals are included.
-
- Exciting news! Christmas in July is fully booked. We'll be leaving from Slippery Me Broncos' house. Don't forget to coordinate carpooling arrangements.
- In an unexpected turn of events, Pharlap was charged

for his excessive use of street memes. It seems he couldn't resist using them not just once, but four times! Let's keep an eye on Pharlapp's meme usage from now on.

- A friendly reminder: We'll be having a delicious Friday lunch at Mr. Dang's at 12:29 pm. Join us for some great food and even better company.
- We all agreed it was fantastic to have Fency rejoin us after three years. Welcome back, Fency! We've missed your company.

Upcoming Events:

- Next week's run will be a committee run, The Memorial run at the Foreshores. Where we remember our fallen Hashers.. Let's bring our adventurous spirit and make it a memorable one.

That's all for today's meeting, folks! Keep those running shoes ready, and let's continue having a blast at the Hash House Harriers. On-on!
