

Run: 1833
Date: 24-7-23
Hare: Rear Ender
Venue: Mackays Rd.

14 diehard Hashers turned up at the residence of Rear Ender for a fantastic run. It was a pity that just after the run was set the heavens opened up to wash it away. However due to the resilient hare, a mud map was provided for the 3 very fit hashers to venture out in the inclement weather.

Shit of the week – Slippery who held up the circle and was heard saying “Fuck Off” to the R.A.

Run Report – Handy reported that it was mostly dry and scored it a 5.1 well marked but Due to the Long Street mini hill, the score was adjusted to 4.0
