

Run: 1861
Date: 5-2-24
Hare: Lifer
Venue: Vera Drive

Weather was a lot kinder than last weeks run, no rain however steaming hot. No leeches either . The run was set on bitumen and bush, the run taking in 4.5 km's of delightful sub division. Obviously the run had hills which sorted out the fit. Sweat and hot bodies completed the run, while others were short cutting bastards. Many of the 23 stayed back and socialised.

The nosh consisted of cheese, bickies, Asian hot bits, butter chicken, rice, naan bread followed by pav. Seemed to be enjoyed by all. No one went hungry.

The R.A. called the circle and awarded the run a 6 as it had a good feeling.

The hare Lifer and off sider Rear Ender were charged.
