Benelong's Run, Real Number 617 of 7th Feb 2000

Benelong looked us all in the eyes, & stated that the run was a little one with but one On-Back, 5 All-Checks, & plenty of beer when we returned. As the Brew Master was somewhat tardy in his arrival (How come Cream Poof, the driver, wasn't given a Down Dac Dak?) the Run didn't get started until a little after 6:30pm. No-one, & I mean no-one, wanted to budge until they KNEW that the liquid rewards of a Bucket would be awaiting their return, except for the seriously training Dac Dak who found the first On-Back all by herself a long way from the start, while the energy laden Haleys Comet took off in the opposite direction, only to return when he thought something must be wrong as no-one followed what appeared to be a perfectly set trail. It goes to show that we really are a "Drinking Club with a running problem", after all.

The trail took in some good stretches of bush with shiggy, creek crossings, streets that a lot confessed they never knew existed, & to top it off, especially mown sections of lawn freshly cut for us, as no-one else in the world would know where they were to even consider utilising. And just to go one better, Benelong whipped up a prize meal of export quality eye fillet steaks with alternate sausages & belated onion. Northside's dessert was largely ignored as the steaks were so tasty!
