

# Coffs Harbour Hash House Harriers

20th March 2000

## Tony's Run Number 622 of 13th March 2000

After the fiasco of keys being locked in a vehicle, plus our Hash Keg losing his way to the pub for coldies & ice, the 7 stalwarts pictured opposite eventually got to the START of the Run a tad after 6:30. Needless to say, the Hare & his Assistant were beginning to wonder if anyone would ever arrive, especially as The Assistant had enough food to feed an army awaiting. So off we went, wondering if we were anywhere near Coffs Harbour, with just the mildest moonglow to guide us through the moist tracks (leeches), creek crossings (leeches), causeways (leeches), fresh prairie cakes along with stampeding cattle & you guessed it, more leeches, electrified fences, more creeks especially chosen for Kalahari's height, & a great uphill on-home. Fortunately no-one got wet, there were comfortable seats for all, & probably the 1st ever sit down Hash circle of all time. A great run & Hash Nash!
