Good G.o.D...

Not enough food again !!

**Hare
Luckless**

Yes, G.O. did arrive, but should have realised that it was time to perform the 40 fish trick again to feed the famished Hashers, especially after Luckless & her co-conspirator Handler plied us with Port at the first All-Check. Turned out to be plenty of Hash Nosh really, it was

just the severe lack of chalk that pissed everyone off. There was on average one teeny weeny piss-poor marking about every 3-400 metres, not the regulation 50-60 metres we are used to at CH4 Hash. Nevertheless, after more chalk was sequestered at Handlers, Pinballs & Quickie re-set the Run. Unfortunately when they went their separate ways trying to find the Trail, Runs 2 & 3 were set to please the assembled, as we were all getting very bloody thirsty after a long long weekend. While there was a headcount of ten back at the Bucket,

only 6 managed the distance. Luckless & Handler must have been exhausted from opening & closing the car door setting the Run, partner Bill was volunteered to cook, & Olympics weary Muzza brought up the rear. The run after Handlers went bush behind Linden Ave, almost to Mary Help of Christians, to & from Toormina Rd, & then depending if you did the Hare's Run, or Pinballs or Quickies, wound its way by every other road of Toormina because they're all convoluted, back to Lucklessnessess in semi-darkness, even without Fly By Night Glasses. On-On !!
