Quickie/Quickette's Tin Can Run

Number 617 of 24th Jan 2000

They nearly spewed as a result of the Run & the Swim & the Boogey board & the just edible concoctions delivered by Quickette. Quickie would have to be in Dreamworld before that would happen. Nonetheless with one Hare down, 8 Runners three Walkers & two new Runners on a balmy summers eve...not. The Runners tripped on out to the base of Muttonbird Island & back to the Barbie shelter for Pasta.

From there the athletes? grabbed their little (pink) Boogey boards & ran out along the jetty to the steps, & puddled back to shore (except for Muddy & Pharlap who puddled out & back). At the piss stop a thirst quencher was given before the resumption of the big event.

Back to the Jetty, where only Ian & Cream Poof dared jump into the shallow waters, before heading back to shore.....again.

A Mars bar had to be consumed prior to running around the toilet block three times & back On-Home.

The Scribe gives extra special thanks to Sticky for going to all the effort of putting these notes together for your reminiscence as it turns out, a couple of weeks later. Thanks also to Tommy & Pharlap for helping .
