

## QUICKIES RUN MONDAY 21<sup>ST</sup> SEPTEMBER 2020

With a wish list for International Travel being tonight's theme, many Hashers were very practical & opted for travel in Ozzie....

Thanks for all the Dress up effort. Much appreciated, & more on that later...

All up we had 19 Hashers who were looking forward to walking / running, but heavy rainfall just after setting sail managed to change attitudes very promptly.

Two "never say die" Runners, Anal Sunshine & Bronco, put in a good effort, arriving back well after the other 17 Hashers had demolished the Nibbles & were well & truly into the next course of very hot pumpkin soup & scrolly spinach bread. (Which if you 're interested is available from Aldi)

Next was Lasagne & salads. And to wrap up Quickette's culinary delights, Handy shared her ill-gotten Retirement chockies.
