Lifers Halloween Run 🦇👹👻🍊

23 Hashers turned up to Lifers Runa couple or two over the regulated numbers. There maybe no rules in Hash however there are COVIDSafe Rules and we must abide by them. We could have all ended up paying \$1000 each, please let the Hare know if your cumming to their run by Friday... numbers are limited to 20 notification also helps with catering.

Lifers Run was in my opinion the best run set for 2020. The trail had mud, creek crossings, leech encounters, wild life, cross country, and was well marked with chalk ,flour and paper. An amazing 3.8 track. 🦋🦋🦋🦋 Guess who's writing this?

Back at Vera Drive the Hashers were attacked by flying ants just ordered for Halloween no bats available. 🦋

Most Hashers were dressed for the Halloween run. Some needing to remove their masks to see their true identity. Well done Stumbles. The outfits 🦋👹👻 were awesome 🍷 Nosh started with a few nibbles, followed by salad 🥗 especially flavoured with the herbs from Lifers garden. Mains being Tuna Bake and macaroni beef, cooked by Lifer not Cinderella. Than came the trifle with spiders on top. 🕷

Following the best run, great food and the most hashers in a long time the RA called the circle.
