**Run 1695**

**AGPU.**

**30th November 2020**

21 members turned up to the Coffs Pub for our annual meeting. The 6pm meeting started on time at 6:20, well it was close! Our illustrious GM, Lifer welcomed everyone. It was St Andrew's Day which Reverse and Bed Springer were celebrating, along with having sold Bellingen, well done 👍

▲ Apologies- from everyone that wasn't there

▼ 2020 committee stood down and nominations asked for the position of GM.

▲ There was only one nomination, because everyone else was too frightened, so Lifer is now our GM, again!!! And as was done last year, she nominated her team

▲ The 2020 GM's report

◆ Thanks to the 2020 committee

◆ Thanks to On Heat for being On Sec and Choir Mistress - awesome On Sec skills, notes each week, keeping you informed of changes as well as organising run sheet and leading us in songs. ( I'm only writing what's in front of me. I didn't know I was so good 😇😄)

◆ Thanks to Slippery, as the RA, she kept the circle under control, not always an easy task. She does have a big stick ✍️

◆ Thanks to Bedpan for looking after the financial side, no easy task and the worst one to have , just my thoughts but of course Bedpan was up to the task and everything balanced. And just to top it off she was Web Mistress.

☐ See if you want something done ask a woman 😊

◆ Christmas in July ( yes I know it didn't go ahead but it was all the reconnaissance had been done. Lifer thanked Rear Ender, Grey Rooter and Cinderella for their help

◆ Thanks to Grey Rooter for supplying the lovely downs 🤔

◆ To all you lovely Hashers many thanks for your participation, setting runs, supplying food and being part of our marvellous Hash family. Your friendship and support have been awesome.
