
 . Christmas Hash. 14th December 2020. 

On a truly terrible night weather wise, flash floods, swollen creeks, water over the road, just the usual summer deluge, 26 hearty brave souls turned up to Bedpan and Nibbles abode. The Committee put on a marvellous repast of cheese, dips, crackers, chips etc, followed by ham, chicken, salads, bread rolls and of course there was dessert, homemade pudding, thanks Rear Ender and cheesecake, thanks ADD, all absolutely delicious. Everyone was in the holiday, festive spirit, alright there was a tinniest bit of alcohol involved 🍷.

After the main course, presents were given out by one of Santa's helpers, Pharlap elf was very happy to oblige and certainly got into the swing of posing for Quickette, our fabulous Flash, or was it all the red wine that he was drinking?!!! Even though Lifer had "...ked up", as she kept telling us, lots of wine there too but I think it was white, everyone received a present, well done everyone.

Some interesting presents were, Hairy received a muzzle but she assures us that it was because she volunteers at the Animal shelter, 🐶. Lifer received her favourite animal, frogs 🐸. Thunder Box, a book on dunnys, Grey Rooter, a dinner box with liquid refreshment, On Heat a cooling towel, Handy a calendar with her sporting prowess, Bronco something old, Nibbles-had some nuts and of course many more but I forget, old timers has set in 🙄

All participants seemed to have enjoyed themselves, Darcy and Pharlap have left their bags behind, was it old timers or the liquid refreshment? Thanks again to Bedpan and Nibbles and of course our famous Committee, Slippery organised us, her teaching skills came in handy 😊

Merry Christmas Hashers hope it's a marvellous day
