

# RUN #1702 Monday 18.01.2021

## Hare Quickette

The Run was scheduled to start from Hills Beach, Korora, but the weather forecast suggested that the heavens would deposit bucket loads of H2O on the expected 10 registered Runners, so the venue changed to the Hares Mildura St home.

With Returning souls plus Visitors, we were delighted to have 26 Runners arrive. And the vast majority actually set out to do what will go down in the record books as one of the shortest Runs ever set.

Luckily there was No Rain; No Hills; No On-Backs & No-one to complain.
