

Run 1707. 🦶🦶🦶🦶🦶🦶. On Heat's Run😭. 🦶🦶🦶🦶🦶🦶. 22/2/21

Well after a week of inclement weather the sky turned blue, the temperature over 30 degrees, humidity around 100%, or so I thought! So a run was set at 4:30pm Monday, no hills, no creeks, plenty of chalk and flower, thanks to Rear Ender😄.

21 Hashers turned up for the run or was it for the pool🤔

I slaved over a hot pizza oven to produce 10 scrumptious pizzas, well there was nothing left, so I'm assuming everyone enjoyed them, oh and thanks to my helper Dominos 😊

Pharlap took over the reins and called a circle and of course made us all stand, well some were standing, some were still in the pool, not saying any names but Hot Property and ADD deserve a down next week, they both got the SOW

Ally said the run was an 8/10 thank you Alky you can come again😄

👉 - Returning Runners - Clot and Clap, lovely to see you both, Bedpan, AlloAllo, Hot Property

👉 - Clot - saying awful things , I won't say what it was about, mainly because I can't remember 🤔

👉 - Quickette- booking February instead of March for the boat trip to Tasmania, I am so, so jealous 😞

👉 - Flaps - getting things confused, poor bloke, oldtimers!
