

JFIWinter Solstice 21-6-21

15 “Runners” attended a dark and gloomy night at Shephards Lane for JFI’s run. The “run” however was abandoned due to the rain and the prospect that chalk and flour would have been washed away. Pity really as the run had everything going for it including a couple of hills, a drink stop with Port and Chocolate Bullets as a reward, creek crossings and another hill to make it back for the nosh which consisted of a deconstructed Chicken Pie in two flavours (someone has been watching too much Master Chef) and garlic bread (not burnt). A fire bucket was also enjoyed by those who braved the weather.
