

Cumz N Goes run 11th October 2021

6 fearless hashers and 1 small anxious puppy braved the weather to experience the most amazing hash hosted by Cumz n Goes.

The run was the longest in hash history that will be talked about for years to come! Those that decided that they were not brave enough, will be sorry that they missed it.

The run had absolutely no hills (every hasher's dream), however, there were many stairs! Not one runner was put out by the rain, a very well sheltered run indeed.

The gourmet meal was enjoyed by all, there was so much food enough for 20 hashes!! For starters a cheese Tiropita served with cheese chips, followed by gourmet BBQ burgers, finished off with a yummy dessert of Peach Cinnamon Slice.

The GM Lifer who was also the RA, Hash Cash, song mistress and Grog Master decided that we were all so perfect that no downs would be needed.

Awards: None, as "the fat lazy bastards" had them all!

Personal business: Flapsy's (Flaps Up) the star hasher even turned up prior to surgery, operation to remove a skin cancer on face, doing well, hopefully it won't change his beautiful face!

Phar Lap's in hospital, wishing him a speedy recovery.

Next week's run is Bolt Arse @ "Phar Laps Crematorium" Jetty Foreshore shelter (you know the one). Please respond to either hash secretary or to facebook page if you are coming! There is now a 30-person limit for outdoor picnics!!

Friday Lunch: No Friday lunch as there wasn't a suggestion.

On On
