

Bolt Arse Run - 18 October 2021

Half dozen gung-ho hashers turned up on a wet night. Unanimously, all agreed not to walk in the rain especially with thunder flashing every other minute.

Bolt Arse can't deny there were no hills as Metro said he saw the markings and toilet paper as well.

We had early din-din while the food was still warm - Thai fried chicken mince with green beans aka chicken larb and Thunderbox' signature spinach pie. Good ratings for the dishes 👍👍👍

The hare had her birthday down 😊 It's also Bronco's birthday 🥳

No general business and awards. The awards holders didn't want to give up the awards yet.

Personal business - Flaps had his beauty treatment. He will be more handsome once the bandage comes off. It was also debated whether the black or orange pawpaw tubes is better. Emu oil is also recommended. 🙄🙄🙄

Friday lunch - Hoey Moey at 12.30 pm.

Next week's run - Bedpan @ 15A Walco Drive.
