

17 Courageous athletes formed up for the starter's gun to go off, on a well-marked trail. (Although some went off trail and ended up with shitty dirty shoes, with the help of Alky.)

A delicious nosh of starters dip and bickies Chicken Bake and Chilli Con Carne followed by leftover Christmas pudding and custard and licorice slice.

Shit of the week – Grey Rooter – because Oh Heat ended up with Shitty Shoes.

Downs – Rear Ender for the run.

- On Heat for wearing one white shoe and one Shitty brown one.

- Luckless – reverse charge for something about Quickette leaving a bottle of Bollinger Champagne which is in short supply

- Handy for picking up the biggest cucumber and wanting a long one for the run.

- JFI for parking close to Park Beach Caravan Park. A bit suspicious.

- Quickette for her birthday which started on early Friday morning until late Sunday night.

- Pharlap for using street names.

- Luckless left down on bench and did not drink it at Bronco's run.

Awards – Bullshit bag to Quickie, he gets muddled up with names.

- Lead foot to Quickie for short cutting.

- One boob award to Flaps.

PB – 15 cucumbers from Slippery and Bronco's market garden.

GB – Thanks to Anal Sunshine and Cums & Goes for hosting the Christmas run, and the committee for providing great nosh

- 33 Christmas gifts for the homeless to Pete's Place.

- Quickette thanked everyone for birthday wishes.

Next weeks run at Quickies through the back entrance (as normal).

ON ON and have a merry Christmas,

SANTA.
