

Run: 1804
Date: 2/1/2022
Hare: Quickie
Venue: Mildura Street

On On to another 17 Runners who were still happy to extend the Christmas cheer...

Following a brilliantly set trail of chalk & paper (Guess who wasn't about again? Centrefold of course) the Pack set off, downhill naturally, to enjoy the trail along Coffs Creek, & then over it to one of the shortest On-Backs ever, & then all the way towards the Surf Club, where the front Runners found the On Home, just shy of the Religious Tent, but no-one stayed to pray, just kept going for the Beer Buckets...

The snacko's were classy with Twisties, which some individual suggested should Never be mixed with Porno's, as they tend to rearrange certain male appendages' shape....

Main course consisted of unpeeled prawns, leftover Ham, mixed with three extadonary salads, followed by some snags 'cause like a lot of you, I was fed up with prawns n ham!! Give a bloke some red meat to keep their sanity..

The Downs happened next.

SOW went to the Hare Quickie, who scored eleven out of ten for the Run as Centrefold wasn't there again to downgrade the masterpiece....

Returning Runner Mark got a well earned Down for friggin' being very late for the Run, n his accomplice Kween also scored one for not booting Mark along to be on time....

ADD ignoring Thor for the whole Run as talking to a perfect stranger...

Lifer n Thunderbox for Birthdays..

Greyrooter scored the Shortcutting Award

Other pricks got various pricks
