

Run: 1807

Date: 23-1-23

Hare: Bronco/Slippery

Venue: Aubrey Cres.

The ominous threat of rain was hanging over Coffs Harbour on Monday night but not as ominous as the fear of the run that Bronco had set. 16 brave runners fronted up but everyone else was either “away” or had “other commitments”. Forrest was the only smart one who turned up after the Hashers were on trail. Bronco was still out setting the run when everyone arrived and thought that 6.04pm would be a safe time to return so he wouldn’t have to turn around and go back out with everyone. Alas he was thwarted by Centrefold’s last-minute dash to the dunny which resulted in the late start and Bronco’s backing up to go out again, doing 7km for the evening.

There were a few bucket-minders as well as the regular short-cutters who were scared of the impending storm and returned early. This included BJ, who’s return to hash was not going to be tarnished by doing a marathon on her first night. In her words “I didn’t come here to kill myself”.

Pharlap was the first true athlete to return, closely followed by Bronco – not a bad effort for the double up. It was like the days of old for these two trying to outdo each other, however we must remind everyone hash is NOT a RACE!!!

Kaz gave her all on the run pacing herself to Darcy’s place. Showing what a true gentleman, he can be, Darcy got an umbrella for Kaz (and himself) then followed in her wake up the hill, whilst Grey Rooter was almost pushing the power poles over in his efforts to climb the last mountain. Quickie decided that he was the sweeper for the night and strolled in at the tail end.

On their return the food came out – nibbles followed by ham, corned beef, salads and bread rolls. Mince tarts and liquorice (thanks ADD) rounded out the menu. Alas Slippery over-catered again despite everyone’s best effort to have 2nds.

Centrefold called for the circle to be formed and the hashers knew to do as they were told as many had experienced his wrath during last week’s circle. Grey Rooter was called upon for a run report and scored Bronco a 5. The RA interjected saying that the nosh was pretty good and upped it to a 7. Bronco & Slippery were happy that the final score was a positive number and was 13 points more than their previous run!

CHARGES/DOWNS (in no particular order & only what I can remember!)

PHARLAP – Shit of the Week – following Darcy’s dubious directions

BRONCO - Hare

BJ & HAIRY – returning runners

FORREST – cumming late AGAIN!!! And for leaving his award at home AGAIN!!!

QUICKIE – marking his territory on the Telstra box at the bottom of Ridge St – I’m sure the cars on the highway were impressed!

SLIPPERY – can’t remember what for!

ON HEAT - can’t remember what for!

AWARDS

JFI – The Hairy Troll Award (don't really know the name or what it was for)

BRONCO – Drama Award – for the drama caused by running up Darcy's hill

QUICKIE – Condom Hat Award (don't really know what it was for)

DARCY – Prick of the Week – sending Pharlap in the wrong direction at every check

KAZ – Meaningful Relationship Glass – she keeps coming back to hash – good to see!

PB – none

GB

The RA called for GB from the GM but Pharlap stepped up and started talking about the run sheet. He was quickly slapped (with a down) for forgetting he was no longer the GM

Bronco spoke about the email that came out regarding the committee meeting and decisions that were made re: investigations for Invitation Run, committee runs etc. Bronco also referred to the email regarding the vote next week on having the Xmas in July bus trip in 2023. This will be a YES or NO vote at hash next week. If you are unable to attend hash next week you can email your vote by 4pm Monday 30th January to ADD. As the bus trip is a costly exercise, please consider abstaining from voting if you will not be around to attend Xmas in July - this will give a false idea of numbers for the event.

FRIDAY LUNCH – it was proposed by Lifer that instead of Friday lunch this week, hashers meet at the TWILIGHT FOOD MARKETS at 5-5.30pm down near the viaduct Park Beach Reserve near the octopus – BYO chair, picnic rug, drinks etc (not sure if this is an alcohol-free zone)

NEXT WEEKS RUN

LIFER – 30 Vera Dr Coffs Harbour.
