

Run: 1812
Date: 27-2-23
Hare: Centerfold
Venue: Valla Beach

11 daring hash adventurer's made the trek down the motorway jungle trail to Valla Beach. They were treated to a fantastic Centrefold run through the serenity that is Valla Beach. They were particularly impressed by the lack of hills, the jungle walk and the lovely ooo ahhh drink stop overlooking North Valla Beach. Although nothing could stop Darcy from whinging about how far the drink stop was from the DS marking, there's just no pleasing some! I have the run a 10 but the general consensus was a 7 so winner winner chicken curry dinner, which just happened to be hash nosh.
