

Run: 1814
Date: 13-03-23
Hare: Metro
Venue: Foreshores

A group of 11 dedicated hashers fronted up for Metro's wet, wet, wet run. 🦶🦶
Because of the weather no trail was set but a walk/run out to the end of the South wall and back was organised. Hot property and Beaver eater led the run out in the rain and then disappeared, turning up at the drink stop with big smiles on their dials. There was a drink stop (Port and Green Ginger wine) on the way back to the on on.
Metro's special of bangers and mash was enjoyed by all. (Forgot the Ice Creams)
Visiting Noosa hasher Tready was welcomed, returning runners Hot Property and Beaver eater also welcomed. Tready was asked to rate the run and gave Metro an 8 for the run.....This was quickly rectified by the RA, Centerfold back to a 2 which was only fair...🤡
Metro, shit of the week, Pharlap, Short Cutters award.... lots of chargers.
Congratulations to Dangles for achieving 400 runs.
Next weeks run near the blue squid Pharlap's run
