

Run: 1816
Date: 27-03-23
Hare: ADD
Venue: Ocean Parade

Well, having taken the reins for tonight's run as the Rooters came down with the dreaded Covid Lergie, I didn't know what to expect. Due to the changing weather ☁️💧☔ and the fact that I didn't get home from work till near 4pm it was all systems go.

The nosh went into the oven to cook and I sat and wrote out two separate trails.

First trail for the runners 🦶🏃🏃 was around 5k and the trail for the walkers 🚶🚶🦶 I thought was around 2k (I was informed by Phar Lap it was actually near 3k) They all needed the exercise.

So 5.15 Nosh out of the oven, esky packed with the extras and off we gonow at this stage it wasn't raining.

Come 6.01 when the pack headed off you guessed it RAIN, just a drizzle until about 6.20 when it started in earnest. Of the 16 mad hashers 9 stayed to mind the bucket.

The circle formed and the RA asked for the hare to come forth, to my great surprise the run only scored a .69 !!!

Downs followed with a welcome back to Bolt Arse, Thunder Box, Hot Property, Beaver Eater, Forrest, Lifer, Cumz n goes and Anal Sunshine.

Awards went to Simon (the short cutter) . I don't know why he never left the BBQ shelter, and Thunder Box (the Glitter Purse) which he wanted to keep,... it matches other stuff in his wardrobe.

A good night despite the rain was had by all.

Friday lunch is at CreAsian in the food mall (you've been before)

Next weeks' run is at Quickies, come via Ulmarra lane .
