What an incredibly well marked trail. Well at least 4 Runners found the On Home..... And the rest of the Walkers, Keg Minders, & Shortcutters, were champing at the Bit, whilst awaiting the above mentioned Runners to return 'cause Quickie hadn't put out any Munchies .

The RA did mention that the 3 On Backs set on the Trail at Hogbin Dr were somewhat confusing for some, hence only 4 bods continued in the general direction of the Hwy, so still no Munchies.

As Quickette was at Yamba, youse guys were lucky to get any Tucker at all, & what a fantastic effort your Hare had gone to. i.e. lots of help from ADD, Lifer & even Pharlap in preparing the confusing meal of Broken Chair, Pork Steak, Beef Steak, Snags, & extremely well done Crisppppy Whiting Fish Fingers, plus a remarkable Salad. Not bad for a bloke.....

By the way, there were about 16 in attendance, including 2 Visitors from Sydney. Can't remember his name, but Honeymoon was delicious.....

The usual Downs were prescribed by Centrefold our RA, as were the Awards.

Next weeks Run is at 8 Perry Dr, Coffs Harbour, thanks to Cums n Goes & Anal Sunshine.

And bring your Swimmers with you, otherwise your clothes could get very wet.

Hash lunch this week is on Good Friday, so bring whatever you want to eat to the Shelter nearest Pharlap's Reserve, plus Drinks, swimmers if you wish, n maybe a comfy chair,

This will all commence at 12.29pm Friday 7th April 2023.

On On!!
