

1/5/23 BRONCO & SLIPPERY'S RUN

Unfortunately for Bronco there was absolutely no chance of rain so he knew he had to set a run. 20 hashers including 2 visitors, turned up ready to hit the trail (well most of them anyway). They headed off down behind the house and across the highway before hanging a left and following the chalk. Some old familiar sights were spotted along the way including the Catholic Club and a plethora of council-maintained parks, sporting fields and reserves. The trail meandered past BJ's place and 3 pubs (without even stopping for a drink!) as well as Uncle Dan's. According to the true athletes that did the entire run, there were plenty of false trail and all checks (not that Simon seemed to notice) The on-home was at the Combine Street lights (shortest on-home ever) so if the short-cutting bastards had left with the pack and taken a righty after crossing the highway, they would have at least been on trail for part of the time.

On their return, the hashers were served up a veritable feast. Potato chips and a humongous bag of prawn chips (courtesy of BJ) were quickly devoured along with the obligatory nibbles platter. Then came the Cup-a-Soups. The main event was the Mexican Pasta Bake (too spicy for some) and a Chicken and Veggie Bake. Just when they thought their stomachs couldn't take anymore, out came the birthday cakes for two of our old farts – Grey Rooter and Centrefold, who brandished their cake knives and made a cut to the raucous rendition of "Hashy Birthday Fuck You".

DOWNNS & CHARGES

The RA called the circle and castigated the crowd for being slack last week in his absence and sitting down through the proceedings.

- First up was the Hare – BRONCO. The run report started well but the RA soon showed his true form and gave it a minus 2. He then gave the tucker a score but down-graded it adding that the cook was trying to impress him. He gave the food 10/10 but downgraded the final the combined score to a 5 (not happy Jan!!!).
- On to the Shit of the Week - PHARLAP was the lucky one for his antics on the run.
- Visitors – FOURBY & CLOUT from Albury hash. Not quite sure how hash is conducted in Albury but they couldn't keep their hands off each other – something about sex makes you lose weight (clearly some of our members need to try it out more often!)
- Returning Runners – BEDPAN, BJ, THUNDERBOX & PHARLAP – good to have them back!
- Birthdays - GREY ROOTER (73 years young) & CENTREFOLD (63 years young).
- Badges – ANAL SUNSHINE – 50 runs (finally!)
- Other Charges – BOLT ARSE, CUMZnGOES, ANAL SUNSHINE, FOURBY – can't remember what for but I'm sure they were worthy of a down.
- Awards – quite a few missing tonight
 - CUMZnGOES & ANAL SUNSHINE – the Porcelain Dicks
 - SIMON – Short Cutters Award was returned as he misplaced it last week
 - CENTREFOLD – The Hairy Prick
 - CUMZnGOES – The Dickhead Hat
- PB –
