

Run: 1824
Date: 22-5-23
Hare: JFI
Venue: Shepards Lane

18 hashers arrived at Shepards Lane looking disappointed at the lack of a fire bucket for the evening but excited about tackling the hills and off road adventure ahead of them which was set by Flaps Up on behalf of JFI. Flaps declared that he did not light the fire bucket because he knew Bronco would be here and there was not enough wood for that.

Most left the premises but I am informed that only one hasher (Clout) who is a visitor completed the whole run. Not one of our local Hashers completed the whole run. The hash mash consisted of Dips and Cheese with spring rolls, dumplings and spinach and cheese triangles followed by Chicken and Leek Hot Pot with Garlic Bread.

RA called the circle –

SOW On Heat for the fancy run score she reported last week which in no way resembled the actual score given by the RA.

Run Report – was initially given by Clout who reported that it started off down hill 2pts; Worked up a sweat +2pts; dry feet +2pts; no shiggy -3pts; 2 checks did what they were supposed to do +2pts; No drink stop -4pts. Good run marked well 6/10. HOWEVER because Flaps could not help but give the RA shit because those who took the short cut still had to climb heart break hill. SHUT UP FLAPS because the RA then adjusted the score to -7.

Returning runners – Thor, 4B, Lifer and Slippery.

Charges –

Flaps to RA for leaving an expensive hash cup behind last week. The charge was reversed because FLAPS failed to wash the cup before returning it.

ADD to Dangles because he apparently loves going to hospital for R & R – apparently he will go to great lengths to achieve this.

Awards –

RA got the grumpy little hairy man for being a bastard and giving out shit scores for the runs.

Flaps – Dick Head for not keeping his mouth shut. We could have had a 8/10 but nooooooooo..... just couldn't help himself.

Phar lap – Short Cutters award

Bolt Arse – Prick of the Week for sneaking up behind the runners to get her pics on the run.

General Business –

Hairy has COVID

Lifer gave a Darwin report – Very good event – lots of fun was had by all.
