Run 1835 🐾 🐾 🐾 🐾 . On Heat's Run 🐾 🐾
🐾 🐾 . 7/8/23

The night was stormy, the rain was torrential, the wind was icy, in other words a good night to stay home. However, ten brave Hashers turned up to take on the weather and do the well set and marked run, well, it was well

marked but the golly rain washed the chalk away, what can you do? 🤔 Half the number set out and returned, ready for the sumptuous meal of

curried sausages and rice, thank you Lifer 😊 .

Grey Rooter took over as the RA, because Centerfold was away, and called

the circle Downs 🍷

🍷 SOW - BJ, holding up the circle

🍷 ADD - for calling the RA's running of the circle into question

🍷 Returning runners - Flaps

Run report- run was great lots of chalk, well that's what I would have said but

apparently after the meal was accounted for it was a -90 but that can't be right 🤔

 to the hare, On Heat and her trusty helpers, Rear Ender, for setting the run, I walked with her and Lifer for making the curried sausages, I did cook

the rice, so I was very proud of myself 😊

Awards 🏆

🏆 - prick award went to Pharlap, can't remember why

🏆 - short cutters award again to Pharlap because he didn't go on the run

🏆 - condom went to Metro, I think Metro has a problem, just saying, he gave the condom to himself!!!
