Hash Trash

A mixture of athletes and pseudo athletes turned up at the abode of Flaps Up and JFI, full of anticipation for a reasonable run and great nosh. There was a collective groan when it was revealed that JFI had departed to the drink stop and left Flaps in charge of the catering. Not to be outdone, Flaps proved that he could multitask and briefed all concerned on the run and sent the pack on their way. Having found the drink stop and devoured the chocolate bullets and liquorice allsorts on offer plus the delectable beverage, most made their own way home by various routes. Some dedicated runners did elect to complete the whole run.

Nibbles on return were chips, dips, cheese and bikkies. This was followed by corned beef, chicken (provided for our absent RA) rolls, coleslaw and salad.

When everybody had had their fill, the stand in RA called the circle (in his usual unobtrusive voice) with the proceedings as follows:

Run Score: Grey Rooter gave the run a score of minus 20 (apparently he couldn't find some of the paper markings) but the day was saved by the RA scoring the food at plus 20, so the final score – a big fat zero.

Early Award from the RA – the dickhead award to JFI for crashing her car and providing all the details to anyone who would listen.

Charges

On Heat – telling Phar lap that she didn't drink red wine as she poured the remainder of the bottle she opened the night before into a glass

Grey Rooter – hat in the circle

Rear Ender – street names

Metro – leaving a significant portion of his insides in the toilet bowl at Cumzies the previous Monday night.

Phar Lap – complaining about no water in the washing up sink and then complaining about the temperature when shown how to use a mixer tap.

Darcy – sending On Heat deaf with his usual melodious voice.
Reversed to On Heat as he was the RA and couldn't be charged (sounds dodgy).

Grey Rooter/Metro – still looking for free drinks by wearing hats in the circle (again).

Phar Lap – providing advice to the RA about how the circle should be run.

Awards

Dickhead – JFI

Prick of the week – Darcy

Exercise block – Anal Sunshine

Mad Cow – Lifer

Late charge – Luckless for intimating that Thor must have small hands judging by the size of Darcy's prick (the one around his neck).

GB
