

Run: 1863
Date: 19-2-24
Hare: ADD
Venue: Diggers

On a stinking hot Sunday afternoon this intrepid Hare set out to mark a great run with only 2 hills, great views and not much shiggy. It was only 4km long and a good run/walk to work up a thirst.....

The nosh was all sorted and ready for completion on my return from monday work.

WELL.. that was fine until 4pm ish when the heavens opened . Dangles and I went into move mode and a txt was sent as to change of venue, while trying to sort this Dangles decided to take a nose dive in through the open back door landing on his right shoulder, with a slight bump to the head. This is all of 10 mins before the expected arrival of hashers. OFF he went to the ED courtesy of Hot Property who also went back to collect him around 8.30pm .

The circle wasn't called as there were only 6 of us sitting around the ADD kitchen. ...

The run was awarded a 7 and an extra .5 for the delicious cold meat salad with home made cake for dessert.

AWARDS..Dangles got Prick of the week for leaving before the run.

Dangles was presented with the Stirrer spoon for creating mayhem and sensationalism.

NEXT Weeks run is THOR'S in Aubrey Cres
FRIDAY Lunch at the Clog Barn 12.28

And a heartfelt thank you to Hot Property from an incapacitated Dangles.

On-On.....
